

HANS J. J. G. HOLM

**The Earliest Wheel Finds,
their Archaeology and Indo-European
Terminology in Time and Space,
and Early Migrations Around
the Caucasus**

BUDAPEST 2019

Front Cover

One of the oldest wheel finds, the reconstructed oldest Indo-European word
for it, and a computed chronology of the Indo-European dispersal,
by Hans J. J. G. Holm

ISBN 978-615-5766-30-5

Contents

Editorial preface	7
1. Introduction	9
2. The archaeological attestations—times, types, and topology	11
2.1. Evidence—categories and their symbols	11
2.2. Types of oldest wheel constructions	13
2.3. The scatter of the datings	13
2.4. Some representative finds in chronological order	13
3. Wheels, wains, and words	19
3.1. Palaeolinguistics	19
3.2. The attestations for ‘wheel’ terms detailed—Fig. 3	19
3.2.1. Based on the verbal root PIE <i>*k^welh₁-</i> ‘to move, become, lead, bend, revolve’	20
3.2.2. The verbal root PIE <i>*d^hreg^h</i> ‘to drag’	22
3.2.3. The verbal root PIE <i>*ret-</i> ‘to run’	22
3.2.4. The noun PIE <i>*h₃neb^h-</i> ‘navel’ > <i>*h₃nēb^h-</i> > Old Arm. <i>wúh₁</i> - ‘hub’	24
3.2.5. The verbal root PIE <i>*h₂werg-</i> ‘to turn’	25
3.3. Criticism of palaeolinguistics	26
4. Computed Indo-European dispersal	29
4.1. Criticism	29
4.2. Computed histories of PIE dispersal	29
4.2.1. Lexicostatistical approaches	29
4.2.2. Glottochronological (GC) approaches	31
5. Combining archaeology, linguistics, and glottochronology	35
5.1. The first split	35
5.2. The second partition in time	37
5.3. Partitions after 3500 BC	37

6. The wheel finds and two debated questions	41
6.1. The segregation of the later IE Anatolians and Tocharians	41
6.1.1. The route around the western Black Sea	42
6.1.2. The route around or across the Caucasus	43
<i>Undivided state of Pre-Anatolo-Tocharians</i>	43
<i>Contacts with the South</i>	43
<i>Dispersal south of the Caucasus c. 2950 BC</i>	44
<i>First wheel finds around the Caucasus</i>	45
<i>Innovated wheel terms</i>	47
6.2. The development of wheeled transport in general	48
7. Conclusion and outlook	51
Acknowledgements	51
8. References to the main text	53
9. Finds Table: Representative Eurasian wheel finds in the fifth to third millennia BCE	67
How to read the table	67
10. References to the Finds Table	129
Fig. 1a. Spindle whorl, Arbon-Bleiche	12
Fig. 1b. Prestige mace, Wenningstedt	12
Fig. 2. Map: chronological, geographical, and typological distribution of wheel finds	15
Fig. 3. Main Indo-European wheeled transport terminology, focused on geography and relationships.....	23
Fig. 4. Computed possibilities of Indo-European dispersal.....	33
Fig. 5. Indo-European tree in standard display with wheel finds and designations.....	36
Fig. 6. Eastern splits detailed	38
